

## **Sanitarian: Environmental Health**

Full-Time

Minimum starting salary: \$38,713

### ***Additional consideration given for education and/or experience.***

This is a full-time position with the McLean County Health Department Environmental Health Division. Work includes food safety, water quality and treatment, epidemiology, radiation exposure, basic environmental health, and other environmental programs and issues.

Requirements are a bachelor's degree from an accredited college or university with a minimum of 30 semester hours or 45 quarter hours in physical or biological science. A BS in Environmental Health is preferred with prior experience desirable. Must be 21 years of age or older, and be able to travel throughout the County.

Preferred candidates will demonstrate knowledge in the principles of food safety, water quality and treatment, ground water protection, geo-thermal technology, vector surveillance and control, epidemiology, radiation exposure, basic environmental health, and other environmental programs and issues.

Please apply on-line at [www.mcleancountyil.gov/jobs](http://www.mcleancountyil.gov/jobs) and upload a resume and cover letter.

McLean County is an Equal Opportunity Employee. Selection of an individual for this position is at the sole discretion of the County.

**Posting Period: January 19, 2018 – until filled**
